31 August 2026

I am applying for the Conveyancing Assistant role advertised through Reed. With a year's placement at Bryan Cave Leighton Paisner, ongoing client-facing advisory work at Citizens Advice, and a strong foundation in property law through my LLB at UCL, I am well placed to support your residential conveyancing team from day one.

At BCLP's Real Estate Disputes team, I prepared electronic hearing bundles, managed large volumes of confidential documents across multiple matters with competing deadlines, maintained matter records on iManage, and assisted with court filings and matter opening and closure. Although that work sat on the contentious side of property law, it gave me direct exposure to leasehold issues, landlord and tenant disputes, rights of light, and easements — the legal landscape that underpins residential transactions. I understand how property matters are structured, how documentation is managed, and what it takes to keep a matter progressing efficiently.

In my current role at Citizens Advice East Berkshire, I manage cases end-to-end: taking detailed factual instructions, drafting correspondence, preparing document schedules, and meeting deadlines across housing and property-related matters among others. I am used to translating complex procedural requirements into clear, practical guidance for clients — including those dealing with stressful or unfamiliar processes — and to keeping accurate, confidential records throughout.

I bring strong attention to detail, organised file management, experience with iManage and electronic filing portals, and a working knowledge of residential property issues. I am motivated to develop further within a conveyancing practice and would welcome the chance to contribute to a collaborative team environment.

I would be glad to discuss the role further at your convenience.

Yours faithfully,
Maria Silva
