I am applying for the Family Paralegal role at your Marlow practice. With a year's placement at BCLP spanning international arbitration and real estate disputes, alongside current client-facing advisory work at Citizens Advice East Berkshire, I have developed the case management, drafting and court preparation skills your family team needs.

At BCLP's Real Estate Disputes team I prepared electronic hearing bundles, assisted with skeleton arguments and court materials, managed document-heavy matters under competing deadlines, and supported court filings end-to-end. That experience maps directly onto the bundle preparation and fee-earner support your role requires. In arbitration I drafted procedural documents, maintained structured case files and coordinated client communications — including stepping in as the sole junior before a significant deadline and helping to ensure on-time submission.

At Citizens Advice I now manage my own caseload across family, housing, employment and welfare matters under supervision. I take detailed factual statements, establish chronologies, identify evidential issues, draft correspondence and applications, and advise clients — many of whom are vulnerable — on procedural requirements in plain, practical terms. That combination of independent file management and sensitive client communication is, I understand, central to the straightforward files this role involves.

Across these roles I have consistently worked with tight deadlines, high document volumes and clients at difficult points in their lives. I am comfortable with the pace and sensitivity that private family work demands, and I am motivated by the opportunity to join a fast-growing team with a strong reputation across divorce, finances and children matters.

I would welcome the chance to discuss how my background fits your team's needs.

Yours sincerely,
Maria Fernanda Silva
